CANADIAN FIXED & NOMADIC WIRELESS SERVICES
A REPORT ON WI-FI, WI-MAX AND LTE IN CANADA
2016 EDITION

About This Report

The **Canadian Fixed and Nomadic Wireless Market Report, 2016 Edition, a report on Wi-Fi, WiMax and LTE in Canada** is the most comprehensive and rigorously researched document available on the subject in Canada.

This report is divided into two main sections. The first is an executive summary that provides a general overview and discussion of the Canadian market as it relates to both public Wi-Fi and WiMax/LTE residential services. The second section is comprised of 11 different national and regional company profiles each elaborating on their businesses, technology choices and future plans regarding Wi-Fi, WiMax and LTE services.

Please note that the fixed wired and mobile Internet markets are examined and discussed in depth in NBI/Michael Sone Associates' **Canadian Internet Service Providers Market Report, 2016 Edition** and **Canadian Mobile Wireless Communications Services Market Report, 2016 Edition** respectively. Please refer to these publications for information on these market sectors.
